Manchester Geographical Society

Postgraduate Conference Fund

The fund is to provide support for Ph.D. students at universities in north west England to participate in conferences or workshops. Up to four awards will be made each year. The maximum individual award will be £250.

Applicants should submit details of the conference/workshop which they plan to attend, together with a statement of their proposed involvement (e.g. paper presentation, poster presentation, working group participation) and an outline of the cost of attendance (e.g. conference fee, travel, accommodation).

Applications should be submitted as a Word document, not exceeding one side of A4. Applications can be submitted at any time.

Applications must be supported by an email from the applicant's postgraduate supervisor.

The email address for all correspondence is s.millington@mmu.ac.uk

Applications will be considered by the Society's Academic Committee.The criteria will include:

- Is the conference/workshop of such a standing that it is worthy of support?
- Is the applicant's proposal of sufficient merit to justify an award?
- Does the supporting statement indicate that attendance at the conference/workshop would be beneficial to the applicant's postgraduate progress?
- Preference may be given to research on the north-west of England

We aim to consider applications within one month.
