

Manchester Geographical Society

Research Fund 2023

The Society's Research Fund is intended to help fund small projects.

In the last few years grants have been in the range £250-1500.

1. **Academic geography staff** in any higher education establishment in the north west of England may submit applications.
2. **Research topics** must have **relevance to the north west of England**.
3. **Car mileage allowance** should be 40p/mile for the first 150 miles of a round trip, thereafter 10p/mile.
4. There is no restriction on the **uses** to which the funds may be put.
5. Applicants must submit a **research report or article** suitable for publication in *North West Geography* within a year, or face a ban from further applications for five years. The **journal** can be seen at: <http://www.mangeogsoc.org.uk>
6. The Society will judge applications solely in terms of **quality**.

Applications should be made by 10pm on Sunday 5th February, 2023, by email direct to the North West Geography Editor, c.delaney@mmu.ac.uk, using the headings indicated below.

Format: Word file, sent as an attachment. Applications must not exceed **one side** of A4.

Decisions will be notified during March and grants made in April.

Please use the following headings for applications:

MANCHESTER GEOGRAPHICAL SOCIETY
